Important information

Investment involves risk. The value of investments and the income from them can go down as well as up and you may not get back the amount originally invested.

The investments discussed on this website may not be suitable for all investors. Investors should make their own investment decisions based upon their own financial objectives and financial resources and, if in any doubt, should seek advice from an investment adviser.

Past performance is not a reliable indicator of future performance.

The tax treatment of all investments depends upon individual circumstances and may be subject to change. Investors should discuss their financial arrangements with their own tax adviser as the value of any tax reliefs available is subject to individual circumstances. Levels and bases of taxation may change.

Where investment is made in currencies other than the investor's base currency, the value of those investments, and any income from them, will be affected by movements in exchange rates. This effect may be unfavourable as well as favourable.
